Strong Bones

In speaking about Scott's Emulsion for children, you should not forget that it contains lime and soda, just what the child must have to form strong bones and good teeth. It's this forming time you want to look after.

Growing bodies must have an easily digested fat. Just think how much of it there is in milk, as cream.

Scott's Emulsion

is even more easily digested than cream. It's surprising how chil-

dren thrive when given it. Don't keep the children living on the edge of sickness all the time. Make them strong and rugged, plump and hearty. Scott's Emulsion of Cod-liver Oil and the Hypophosphites of Lime and Soda will do this for them.

Twolve Million Dollars.

> Two telegrams in yesterday's Oregonian mark the close of a financial play, a money drama in real life, and in some response a farce. The man who played the part of the hero and also, as some believe, the villian, is dead and the audacity with which he raised and dissipated twelve million dollars is past. The belograms are as

Washington, Dec. 8.-The report of quina bay invostigation, made with a view to ascertaining the desirability of vertisers the largest circulation of any prosecuting the work authorized in newspaper published on the Columbia 1896, was submitted to congress today. The board expresses the opinion that the commerce of Yaquina bay does not render it advisable to prosecute the jetty improvement, although a recommendation is made that \$20,000 be expended in removing a cluster of rocks in the enannel beyond the south jetty. It deems the harbor unworthy of further improvement by the general government.

Corvailis, Or., Dec. 8.-The county court has made a contract with a Portland firm for the collection of delinqueat taxes due from the Oregon Development Company. The company was one of the auxiliary organization of the old Oregon Pacific railroad company, and it has been delinquent in tax payments to Benton county for nearly a dozen years. The total delinquency now is in the neighborhood of \$1500. The company has been in the United States district court for a long time, with A. L. Maxwell as receiver since 1833. Lincoln county has a similar claim for delinquent taxes that aggregates about \$500. Among the assets of the coropany is a sawmill on Yaquira bay, which is now advertised for sale by the receiver.

The only real disappointment over the failure of the engineers to recommend the Yaquina improvement will be felt in the neighborhood of Yaquina. bay. The people of the Williamette valley who have labored so long and faithfully to have Yaquina made a safe harbor for large vessels realized some time ago that their hope was vain, and while from custom and a sense of duty they urged the improvement against which the board of engineers has just reported they knew that the engineers would report
